Ayush Rawat

Aspiring Web Developer

ayush.rawat@example.com | +91 98765 43210 | linkedin.com/in/ayush-rawat | github.com/ayush-rawat

SUMMARY

Computer science student with hands-on practice in HTML, CSS and JavaScript. Builds responsive, accessible pages and is currently learning React and Node.js. Looking for opportunities to grow as a front-end developer.

EDUCATION

B.Tech, Computer Science and Engineering — Expected 2028

[Your University Name]

EXPERIENCE

Web Development Intern, CodSoft — 2026 – Present

Virtual internship

- Building Level 1 projects (portfolio, landing page, calculator) with HTML, CSS and JavaScript.
- Maintaining a GitHub repository and publishing video walkthroughs of each project on LinkedIn.

PROJECTS

Personal Portfolio Website — HTML, CSS

- Responsive single-page site with about, skills, projects, resume and contact sections, plus light and dark mode.

Landing Page (Brewline) — HTML, CSS

- Marketing page with hero, feature boxes, pricing columns and footer; layout built with CSS Grid and a CSS-only illustration.

Calculator — HTML, CSS, JavaScript

- Keypad built with CSS Grid, event listeners for clicks and keyboard input, divide-by-zero handling and no use of eval().

SKILLS

Languages:	HTML5, CSS3, JavaScript (ES6)
Tools:	Git, GitHub, VS Code, Chrome DevTools
Concepts:	Responsive design, Flexbox/Grid, accessibility basics
Learning:	React, Node.js

INTERESTS

UI design, coding puzzles, open-source projects.
